

New KW Agent Websites & Features

New Template Designs

Keller Williams Realty has unveiled several new agent website designs for Family Reunion 2010. Choose one of these modern designs to give your website a fresh and clean look.

Custom Header \$199

KW has added powerful new features to its existing Agent Websites:

Seamlessly incorporate your branding into the header of your KW Website with the new “Custom” tab. KW Agents can now have a unique look and still save costs by using KW websites. Includes:

- Design of header image integrating existing logo/branding and upload/install to website
- Development of new branding (may be additional)
- NO MONTHLY FEES

Custom Style Sheets \$Call

Customize the overall look of your KW Agent Website with the Advanced CSS Editor

Cascading Style Sheets (CSS) give you ability to change the look and feel of every element of your website. If you like the KW Websites, but don't want your site to look like everybody else's, then custom css empowers you to stand out from the crowd.

- Add an attractive gradient background instead of a dull solid color
- Add a logo or large photo background for a fresh new look
- Replace existing header with a custom header
- Change fonts, colors, borders, and more!
